Title :Enhanced Brain Hemisphere Connection	Minutes	List #	List Name
<p>The purpose of this tracks is to improve brain hemisphere connectivity. The part of the brain that connects the two hemispheres of the brain is called the corpus callosum. It contains a bundle of neuronal fibers found in humans that allow the two hemispheres to talk to one another.</p> <p>The left side of the brain is responsible for controlling the right side of the body. It also performs tasks that have to do with logic, such as in science and mathematics. On the other hand, the right hemisphere coordinates the left side of the body, and performs tasks that have to do with creativity and the arts.</p> <p>Greater neuron connectivity between the hemispheres can enhance whole-brain thinking, it was said that Einstein's Genius is Linked to Well-Connected Brain Hemispheres. It is also reported and documented that the facilitation of whole brain thinking allows for greatly expanded abilities that have the potential of opening doorways to super human potentials.</p>	3:20	RL5	Expansion

<p>Exercise is one of the best-studied and most powerful ways of protecting the brain from age-related cognitive decline and has been shown to improve cognition in individuals at risk of neurodegenerative disease.</p>		RL2	ORB - Phase 2
<p>The new study using mice, published July 9, 2020, in Science, showed that after exercise, the liver secretes a protein called Gpld1 into the blood. Levels of this protein in the blood correspond to improved cognitive function in aged mice. A collaboration with the UCSF Memory and Aging Center found that the enzyme is also elevated in the blood of elderly humans who exercise regularly. But the researchers showed that simply increasing the amount of Gpld1 produced by the mouse liver could offer many of the same brain benefits as regular exercise. This sound track offers the frequency benefits of this protein to improve brain cognition function.</p>		RL3	Head

Title : The Black Mirrored Stone Shield	Minutes	List #	List Name

Its metaphysical power is likened to an electrical force around your aura. This stops lower vibrational energy and psychic debris from attaching to you and transmutes it into positive. So, this is a great crystal frequency for empathic healers. Hematite, once polished, takes on a black mirror-like appearance. It acts as a reflective shield that deflects unwanted energies and vibrations. It is rich in earth energy, making Hematite one of the strongest stones for grounding. This helps empaths from becoming overwhelmed emotionally. Designed to create all these effects - stretched across your own skin as a tight weave of this black mirrored shield. Title : The Cone of Power	Minutes	List #	List Name
<p>The purpose of this track is Manifestation. Here is a fun tool for manifestation! The cone of power is a method of raising energy in ritual magic, especially in Wicca. The cone of power is visualised as a cone of energy that encompasses the circumference of the circle of Wiccans and tapers off to a point above the group. As a group, the cone is formed by the Wiccans standing in a circle, sometimes holding hands, and focusing on a single point above the group and in the centre of the circle. They then dance, drum, chant, or perform various other ritual gestures, in order to raise the energy and extend it upwards. When the state that these actions create has reached a peak, the ritual leader will signal the group and the energy is released upwards and the cone is “sent” towards the goal This is called “Raising the Cone of Power”. (Many people were drawn to the power of this in the The Outlanders book and show as the women used this ritual amid the Stones.)The process of this frequency attunement for the creation of a new idea or pattern is to define your goal and focus on the good and successful intentions towards it. When played through the the Unification Orb it will amplify the intention that is being presented. They are absorbed and carried to the concentrated point to be released.</p>	3:03	RL1	ORB - Phase 1

Title : The Essence of Faith and Prayer	Minutes	List #	List Name
<p>The purpose of this frequency is to get things moving and manifested. The meaning of faith generally refers to complete trust or confidence in someone or something. But here we use a different aspect where we refer to “faith energy”. Combined with this is the energy of prayer itself, which uses the aspect of spiritual intent, and a solemn expression of gratitude to the Divine. Both reinforce and complete each other to become a potent multifaceted energy. The process of this track affects both the listener and the environment. Also made to work in a negentropic manner. May it inspire you, drive and sustain you.</p>	11:08	RL1	ORB - Phase 1

<p>The purpose of this track is to make the environment more welcoming and comfortable. The process uses the concept of negentropy whereby the energy field lends the vibrations of things becoming more in order - the opposite of randomness or chaos. How about creating a positive environment that invites abundance and positive outcomes, all wrapped in a bundle of feeling welcomed, personally invited and in rapport with those around you. As this frequency program runs through your Unification Orb, it will enhance all of the wonderful and positive aspects that surround you and your friends. This frequency track has so many possible applications that can range from classrooms, before meeting preparations, store ambience, meeting somebody new, etc etc. This affects the environment and the people in the environment. Title : Uplift Yourself	Minutes	List #	List Name
<p>The purpose of this soundtrack is to help provide a meaningful meditation that enfolds you with unconditional love and helps you reflect this beauty and love to everyone you interact with. Playing it through the Unification Orb will enable love to be embedded deeply within your consciousness. Each time it is played the process will work on infusing the earth with positivity and love, creating a gentle loving push for a better future for all by helping to raise your personal energy field and the earth's vibratory state. It also forms a temporary connection with each person who is listening to the field itself, to help spread these thoughts, feelings and mental states throughout the earth by the interconnected listeners. (you become like a temporary node in a giant nexus) This can be a major catalyst for earth shifting/change</p>	29:40	RL1	ORB - Phase 1

Title : Visual Introspection(The Micro Dose)	Minutes	List #	List Name
<p>The purpose of this track is to create the effects of a unique microdose. Microdosing refers to taking a small fraction of what is considered a recreational dose of hallucinogens like psilocybin mushrooms, LSD etc,). Reportedly, microdosing can improve mood, induce physical and mental stimulation, and encourage creative thinking. Emerging studies support the notion that hallucinogenic drugs, taken in small doses or under the supervision and guidance of a medical professional, can be used to treat mental health issues such as depression, anxiety, and PTSD. The process use the energetic signature of a mild form of psilocybin mushrooms and Salvia divinorum. This will work towards creating the effects of a unique microdose that can help drive the benefits cited and perhaps allow for a highly creative outlook that can be helpful for any situation that requires creativity.</p>	11:37	RL2	ORB - Phase 2

Title : Water Charger (ver 2.0)	Minutes	List #	List Name
The purpose of this track is to hexagonalize your water. The work of Dr. Masaru Emoto and his experiments on using frequencies to charge water is well documented and known by many. Place any drink or just plain water near the Unification Orb and play this frequency attunement . It will make the fluid highly energy charged. By the end of the soundtrack, you should have something that makes you feel really good when you consume it. The process will generally help to alkalize your body. Use it for any situation where you need extra energy or to speed up any healing you may require. Also great for watering plants or for your pets and loved ones. Another excellent tip is to keep a water jug near your Orb and let all of the frequencies dance into the energy field of the water.	4:06	RL6	ON DEMAND

Title : White Noise (2.4 hz)	Minutes	List #	List Name
<p>This “noise” is found throughout this soundtrack. Some of the tracks are 4.5 hz and others 5 hz. Another track is 30 minutes long so there are actually 3 different uses of White Noise. White noise contains all frequencies found in a spectrum of sounds that you will hear - in equal parts. Also called “broadband noise. This entrainment uses a mix of sound frequencies to create a static-like sound. It almost sounds like a heavy rainfall. There is evidence that this noise helps with learning, concentration and memory retention. White noise has a positive impact on brain functions. It helps to relax the person and to boost concentration. Helpful during meditation to train attention and concentration. Some of the information indicates that some use it to help babies to calm down and even to sleep. The purpose of this attunement is inspired by the old Slim Spurling Environmental Harmonizers, which was purported to be effective in clearing EMFs, geopathic stress and Hartmann grid issues. The process lends itself to healing Mother Earth through vibration and love. Encourage your imagination to welcome a sense of environmental healing, accompanied by scents of honey dried coconuts with vanilla undertones drifting along with that refreshing negetropic beach breeze</p>	Misc	RL1	ORB - Phase 2
